NEW Solutions Request for Proposal for Senior Community Service Employment Program

1. Introduction

Title
This Request for Proposals (RFP) is for the Senior Community Service Employment Program (SCSEP).

Purpose
National Experienced Workforce Solutions (NEW Solutions) is seeking proposals from nonprofit entities qualified to administer and operate the SCSEP.

Background
The Senior Community Service Employment Program (SCSEP) is authorized by the Older Americans Act (Title V), as amended by Public Law 109-365 on October 17, 2006. The SCSEP program is administered by the United States Department of Labor (DOL) and serves unemployed low-income persons who are fifty-five (55) years of age and/or older and who have poor employment prospects. The purposes of the SCSEP program are to:

- Foster individual economic self-sufficiency.
- Promote useful part-time opportunities in community service assignments.
- Provide participant training; and
- Enable or enhance job skills, so individuals can obtain unsubsidized employment.

The SCSEP provides a win-win solution for participants and their communities. Participants help community organizations extend their capabilities, while developing their own skills, self-confidence, and a restored sense of self-worth. Key elements of the SCSEP program include, but are not limited to, the following:

- Providing meaningful part-time community service assignments for persons with low income who are fifty-five (55) years of age and/or older, while providing transition to unsubsidized employment.
- Providing eligible individuals wages for community service assignments, skill enhancement opportunities, physical examinations,
employment-related counseling, assistance in transition to unsubsidized employment, and other benefits as allowed under the federal regulations for the program; and

- Documenting an Individual Employment Plan (IEP) assessment of eligible individuals’ need for community service, training, and employment.

The chart below includes the states where we anticipate the project will be conducted and the number of SCSEP authorized positions. Authorized positions are subject to change based on what is approved and authorized by DOL.

The anticipated grant start date is November 1, 2024.

Total funding available for this RFP is approximately seventeen million, seven hundred ninety-five thousand eight hundred and thirty dollars ($17,795,830). Total funding available is based on the 2024-2028 DOL SCSEP funding amount and is subject to change based on what is approved and authorized by DOL. If DOL’s revised funding amounts are published during the development phase of the grant, the funding amount may be adjusted.
